Electronic Systems, Inc. Signs Alki Sales as Representative

SIOUX FALLS, S.D.--(BUSINESS WIRE)--Electronic Systems, Inc. (ESI) announced that it has signed Alki Sales as its manufacturing representative in Texas and Oklahoma. ESI's decision to bring Alki Sales on board is part of a strategic plan to broaden the company's exposure in the region.

"As ESI continues to grow its market presence we have found it necessary to expand our sales and marketing efforts to maintain our new business development momentum. We are confident that Alki will be a strong contributor to the Company's strategic sales effort in identifying new customers," said Gary Larson, ESI president.

Alki Sales, formed in 1997, is a professional; goal oriented sales organization providing passive electro-mechanical products and services to electronic OEM customers. "We're excited about representing Electronic Systems and being able to offer our customers the experience and quality of this well established and highly respected EMS (Electronic Manufacturing Services) company," added Roger Beall, president of Alki Sales.

Founded in 1980, Electronic Systems, Inc. is headquartered in Sioux Falls, SD and operates out of three facilities there. The company offers turnkey, contract electronics manufacturing and system-level assembly services to original equipment manufacturers (OEMs) in the industrial equipment, business equipment, medical, Aerospace, consumer electronics and telecommunications industries.
